+91 9634241587 ◇ Bangalore, Karnataka  
[riitusingh140@gmail.com](mailto:riitusingh140@gmail.com) ◇ [LinkedIn](#) ◇ [Github](#)

Frontend developer who loves turning ideas into clean, responsive, and user-friendly websites and apps. I work mostly with React, NextJS, Firebase, and MongoDB. I enjoy building things that are both useful and fun. [Portfolio](#)

## EXPERIENCE

---

### Front-End Developer

June 2025 - Dec 2025

Superbrain

Bangalore, karnataka

- Design and implemented a full on boarding flow for a web application using **React.js**, improving user experience.
- Enhanced chat performance by leveraging **DOM Recycler techniques**, reducing memory usage and improving message rendering speed for large scale applications.
- Configured and deployed **Google Analytics** to analyze user behavior and app performance.

### Front-End Intern

Jan 2025 - June 2025

Superbrain

Bangalore, karnataka

- Built and optimized key components of the onboarding flow in **React.js**, making it easier for new users to get started quickly.
- Collaborated with the design team to translate **Figma mockups** into responsive, pixel-perfect UI components.
- **Fixed UI bugs** and improved layout consistency across browsers, ensuring a smoother user experience.
- Wrote reusable CSS and React components to maintain consistency and speed up development.

## PROJECTS

---

### Job-Portal :

Developed a full-stack Job Portal with **JWT and Google OAuth authentication**, role-based dashboards, and secure route protection. Implemented job posting, application tracking, and resume management with **Cloudinary integration**. Designed scalable **MongoDB schemas** for users, jobs, and applications using Mongoose. Built responsive UI with **Next.js** and **Tailwind CSS** for seamless user experience. Deployed application on Vercel and Render with **optimized CORS, cookies**, and environment management. [Try it here](#)

### Milkify :

Secure Authentication – **Session-based login** system for safe and persistent user access. Smart Ordering – Automatic order ID generation with real-time order creation. **Seamless Cart Management, Redux-powered** cart for smooth product selection and checkout. [Try it here](#)

### Social-Surge :

**Theme Toggle**– Seamless switching between light and dark modes. Modern UI Design – Clean, responsive layouts for all devices. **Efficient State Management** – Smooth and consistent user interactions. [\(Try it here\)](#)

## SKILLS

---

**Languages :** JavaScript, TypeScript.

**Frameworks :** ReactJS, NextJS, Redux, NodeJS, TailwindCSS, GraphQL, Apollo Client, MongoDB

**Software & Tools :** Git, Storybook, Cursor

## EDUCATION

---

**Master's in Computer Science,**

2021 - 2023

APJ Abdul Kalam University

7.5 CGPA

**Bachelor of Science,**

2018 - 2020

Mahatma Jyotibha Phule Rohilkhand University

7.8 CGPA
